ANNOUNCEMENT
Phoenix UASI TICP/TIC-FOG Workshop

Sep 27- 28, 2011 – 8am to 4:30pm*

Background: The Phoenix UASI applied for and received an award of technical assistance from the Federal Department of Homeland Security (DHS) Office of Emergency Communications (OEC). The kickoff meeting was held on March 29, 2011 where the existing TICP was reviewed and updates were planned. Since that time, asset information has been accumulated and the TICP has been modified to meet the current national standards/best practices.

The goal of the overall effort is to establish policies and procedures for requisitioning and procuring shared Phoenix UASI interoperable communications assets. The workshop will focus on reviewing the updated TICP to provide input on your agency's technical details, operational planning, and contact information.

Meeting: The working session will be held as follows:

Phoenix UASI TICP/TIC-FOG Workshop
Tuesday & Wednesday, September 27-28, 2011 – 0800 to 1630*
Phoenix Fire Special Ops - Classroom 2
2430 S. 22nd Ave.
Phoenix, AZ 85009

Conference Phone Bridge: 1-800-504-8071 passcode 3644775

Who Should Attend? Communications and Operational representatives from Phoenix UASI agencies from all public safety/service disciplines. Agencies outside the Phoenix UASI are also welcome to attend to learn about the TIC-FOG development process.

RSVP: Please RSVP to Jesse Cooper at 602-534-0315 or jesse.cooper@phoenix.gov.

*if all goes well, Wednesday Sep 28th may be a half-day session.
